FROM OUR GARDENING FRIENDS

York Co., Penna.

Sept. 24, 1947

Dear Mrs. Hopkins:

Enclosed find check for \$4.50, for which please send me a peck of your mixed daffodil bulbs, ten or more varieties.

I use them for naturalizing in a steep, wooded hillside which I am making into a rock garden. The rocks grew there, and the bulbs I ordered from you last fall were put there, but there is still room for plenty more. They bloomed beautifully last spring, made quite a show. So much so that some appreciative soul visited the place one night and stole about one fourth of the best ones, dug them out bodily. I hope for better luck with my present order, and I am thinking strongly of augmenting my gardening equipment with a few booby traps, plus barbed wire.

Yours truly, Mrs. K. K. Schulte

Dear Mrs. Hopkins:

Greenville, Tennessee

As my hobby is flowers, I would like to have so many of your bulbs. I know they are fine, but I have planted so much of my garden space guess I will just take a peck of jonquils "King Alfred". I have some very fine ones. My second choice would be Olympia. I have visited the Virginia gardens and enjoyed them so much. Will you please send my jonquils at once? I have my ground ready.

Yours truly, Mrs. Robert C. Bird, Sr.

Houston, Texas

Sept. 12, 1947

Dear Mrs. Hopkins:

Please send me the seven-variety mixture (one peck). I will appreciate it if you will send them as soon as possible. The peck I got from you last year were certainly an eyeful. They certainly were admired by all. Thanking you kindly,

Yours truly, Mrs. Alfred Lengsfeld

Dear Sir:

Winthrop, Maine

Would you please send me one half bushel of daffodil bulbs as advertised in August Flower Grower. Enclosed is check for \$7.75. I am going to naturalize these bulbs in a grove of white birches beside a lake. Thank you.

Yours truly, Mrs. Paul H. Bailey

We are grateful to Mrs. W. Bryan Moore of Wadesboro, N. C. for sending us a clipping from a Charlotte, N. C. newspaper, which shows an attractive picture of Mrs. Moore amid a large planting of naturalized daffodils. The clipping says in part, "The beautiful Moore home is so situated that it overlooks the sea of daffodils which almost completely surrounds the house.....Sixty out-of-town guests were invited for lunch yesterday to see the blooms at their height. Guests who had visited Holland said that this was even more beautiful than anything they had seen in that country, which is famous for bulbs!"

Mrs. Moore writes us, "I thought you might be interested in seeing what I have done with your daffodils. I plant them in a grove of pines. Out of the 100,000 I have planted, I have bought 80,000 from you."
